

Commodore Eight Bit Boosters

Volume 2

August 27, 1992

Issue B

CEBB meets monthly at the Beavercreek Public Library. After a short business meeting, a prepared program of general interest is presented. At its conclusion, members may enjoy the various services available such as the public domain software library. Visitors are always welcome and membership is open to the general public. The purpose of CEBB is to help the Commodore eight bit computer user to enjoy learning more about the computer.

LAST MEETING

July 23, 1992. After a brief business meeting, the program for the evening began. Fred Middleton reviewed the Kernal ROM for the C-128 Servant. There were many questions complete with answers. The Treasurer's Report was given by M. Dornbusch. Phil Longo gave a brief report on the Software Library. Remember, you can call him to place orders for software prior to a meeting, and he will bring it to the next meeting. You can reach Phil at 237-8768.

NEXT MEETING

The next meeting will be held at the Beavercreek Library, August 27, 1992 (Thursday). The September meeting will be September 24, 1992 (Thursday). The doors are open at 6:00 P.M. for those who wish to set-up equipment, and the business meeting will start at 7:00 P.M. sharp. The program for the evening will be a review of modifications to the C-64 Kernal ROM.

NEWS

As a reminder, Computerfest 92 is August 29th. and 30th., just two days after the August CEBB meeting. Issue #32 of Twin Cities 128 has been received by your editor and he assumes that the club's copy has also arrived. This issue is 39 pages worth. Wow! The following new programs are now available in the Software Library:

Novaterm 9.3 Upgrade
The Servant (a two disk set)
128 Programming Utilities
Blitz de-compiler C-64 (the best yet)

The next issue of your newsletter will have an attachment showing who to contact for assistance for a variety of subjects.
